WANTING TO
adopt?

however a child comes
to you, it's a miracle

EVERY YEAR, HUNDREDS OF COUPLES WHO CHOOSE ADOPTION DO SO BECAUSE THEY WANT NOTHING MORE IN THE WORLD THAN A CHILD TO LOVE UNCONDITIONALLY AND CARE FOR, FOREVER.

We are committed to the value and sanctity of human life by providing quality services that build and strengthen the family.

We do a thorough screening of every family including background and criminal checks before approving them to adopt.

We believe in equipping you for a successful adoption. Adoption Training is required for all adoptive families. We require attendance at two Adoption Seminars.

We are available by phone or email to offer assistance or referrals for any issues that may arise or to simply offer encouragement during the waiting period.

Our adoption staff has raised adopted children and can offer ongoing counsel and support for any adoption or parenting issues that may arise in a family.
