

BECAUSE LIFE IS

*Priceless*

# SANCTITY OF HUMAN LIFE SUNDAY

Each day precious, innocent lives are taken in the name of convenience. On the front lines in the battle against abortion are thousands of pregnancy resource centers scattered across our nation. Providing pregnancy tests and offering loving counsel in the hour of need is just the beginning. Many centers help women obtain housing, maternity and baby clothes, baby equipment, pre- and post-natal medical care, legal assistance and financial support, information about adoption, help to stay in school, and support for those recovering from a past abortion. By showing love in real ways and asking nothing in return, lives are saved every day.

Ask your church office about getting involved with the Pregnancy Resource Center or other prolife ministry nearest you.
