DISCOVER
Peace

If abortion has left you broken,
we can help you find peace and healing.

**Abortion affects everyone differently.
If you are experiencing any of the following
symptoms, you are not alone.**

- Emotional deadening
- Increased tendency toward anger or rage
- Feelings of loneliness or isolation
- Lower self-confidence than usual
- Suffering from insomnia or nightmares
- Greater difficulty in maintaining or developing relationships
- Increased or beginning use of drugs or alcohol

If you would like to make an appointment to discuss your options,
please call 1-800-2decide or www.PRCRESOURCES.com

Pregnancy brings with it powerful changes and conflict. Both men and women are hard-wired to react to becoming a parent: women to nurture and men to protect. Abortion cuts short these instincts and often leaves confusion and hurt.

You made the decision you thought was best. But now it seems to be **HURTING** you more than you ever thought possible, and causing unexplained emotions and hardships.
