In this season of Thanksgiving,
we can't help but think of you.

Clients who came into our center
fearful are now thriving because of
all that you have done to support us this year.

They aren't able to offer their gratitude
to you personally, so we want to say it.
Thank you for helping them **Thrive!**

Happy Thanksgiving

The names listed above are just some of the names of
the little ones whose moms (and dads) have been
counseled, loved and shown the reality of life's
beginnings with your help. There are many
more still waiting to be born!
