JOY

THAT

didn't go according to plan!

Maybe you've had a similar experience with family pictures. It wasn't a joyful experience, but after-the-fact, it became a treasured memory (even if it didn't end up on the card).

When moms come to Eyewitness for Life for ultrasound pictures, they are in the middle of an unplanned pregnancy.

An ultrasound can turn the disaster into a treasure as moms choose life.

Please give so that moms can experience
Unplanned Joy.

Merry Christmas,

EYEWITNESS FOR LIFE
