SANCTITY OF HUMAN LIFE

JANUARY 17, 2021

# I am fearfully and wonderfully made...

— Psalm 139:14

Nothing compares to watching a baby discover sparkling lights. Completely enchanted, their faces are aglow with wonder. Little do these darlings know that they have the power to inspire the same awe. They are like glowing lights in a dark room. While some will be drawn to their light, it is sad that others will focus on the dark surroundings. When some experience an unplanned pregnancy, they may forget just how precious is the life hiding away in the womb. Here at our center, we strive to help them remember the wonder of life.

## We provide:

- Free pregnancy tests
- Options counseling
- Abstinence Education programs
- Post Abortion Counseling

Will you join us in showing hurting moms the wonder of the life God has given? Ways you can help:

- Volunteer
- Become a financial partner
- Donate services
- Be a church liaison
