Thrive

PROVIDING A BETTER FUTURE

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future."

Jeremiah 29:11

SOHLS Insert *choice to chase our ambitions. However, unexpected events can make it feel like it is impossible to succeed.*

When a woman experiences an unplanned pregnancy, she may feel like her life is over and that she only has two options – abortion or give up her dreams.

That is not the case.

Our mission is to show our clients all their options and help them understand that they can still thrive.

With our ultrasound service we can show them the new life that is growing inside. When clients see the ultrasound image, the baby becomes real - more than just a bunch of cells - and 80% will choose *life*.

We offer educational and support programs that teach new moms and dads how to flourish as parents.

For those broken from an abortion in the past, our post abortion ministry can help them accept forgiveness so they can move on to a brighter tomorrow.

You can help women and their babies to *thrive*. Won't you join us and become part of this exciting ministry?

- Participate in our fundraising events.
- Become a donor.
- Volunteer - we can use whatever talents God has given you.

Together we can help provide a *better future* for our clients.
