

Choose Life

a beautiful choice

Our society has reduced the life of an unborn child to a choice. Carrie Gordon Earll, Issue Analysis Senior Director for Focus on the Family, says, "Ironically, the word choice is closely identified with abortion, yet many women report that a perceived absence of choice pushed them toward abortion . . . Too often abortion is the decision a woman makes when her back is against the wall. I felt that way too. Abortion is no choice if you think it's your only choice."

Won't you give women a *real* choice? We offer material help for those in need, peer counseling, accurate information, community referrals, pregnancy testing, educational ultrasounds, fatherhood classes and much more. All our services are

offered free of charge in the hope that each individual will be able to make an informed choice.

You can help: volunteer, donate funds or materials, join fund-raisers like the Walk for Life, banquets and baby showers. But most of all pray. Pray for our clients, counselors, legislators, financial needs.
