*a Special  
Connection*

God demonstrated how important connections were when He sent His son to restore our fallen relationship with Him. We strive to follow in His example, to connect with our patients. We connect with them through counseling and resources so that they know they aren't alone. We help them connect with the life growing inside the mother's womb. We help them find a relationship with Jesus, the greatest love of all.

But where would we be if it wasn't for the supporters who we connected with? The ones who volunteer, donate, pray, and check in on us are the ones who encourage and enable this lifesaving work. Whether they connect with us in person, through writing, or by a screen, each one is unique and treasured. We couldn't do it without them!
